Message from Gwendolyn Packnett, President of WSWU

We hope you can imagine our delight as we observed lecture attendees these past months settling in their chairs, waiting with anticipation to hear talented faculty members address a range of fascinating topics. And transport us they did with....

- a step back in time through the theatrical history of blues entertainment
- a look inward at body clocks and circadian rhythms
- insights on medical ethics in an aging society as well as the intersection of world politics and religions
- behind-the-scene glimpse of the fall's presidential election.... and the start-up renaissance in St. Louis at T-Rex, Cortex, and 39 North

Your membership makes these lectures possible. **We invite you to join us once more for "Going for the Gold: A conversation with Jackie Joyner-Kersey."**

With Warm Wishes,

Gwendolyn D. Packnett, Ph.D.
